

Preface

Proceedings of "THE 2ND INTERNATIONAL CONFERENCE ON
MATHEMATICS, STATISTICS & INFORMATION TECHNOLOGY
(ICMSIT 2018)"

"THE 2ND INTERNATIONAL CONFERENCE ON MATHEMATICS,
STATISTICS & INFORMATION TECHNOLOGY (ICMSIT 2018)" took
place on Tanta University, Tanta, Egypt from December 18th until December
20th, 2018.

The main organizer of this conference was Mathematics Department, Fac-
ulty of Science, Tanta University, Tanta, Egypt. The conference was orga-
nized in three sections: (Pure and Applied) Mathematics, Statistics and
Computer Science. It attracted more than hundred scientists from different
countries.

The main aim of this international conference was to bring scientists
working in the various areas of mathematics and informatics together to share
new trends in that field of science, to provide a platform where researchers
and doctoral students share their research topics, ideas and experiences and
to present their original results.

This issue of FILOMAT contains papers presented at the ICMSIT 2018.
The papers were accepted for publication after having been subjected to the
usual strict reviewing process of the journal.

The Editor expresses her sincere gratitude to the reviewers for their thor-
ough reports and to the Editors in chief of FILOMAT, Academician Vladimir
Rakočević and Professor Dragan Đorđević, for their support and unselfish
help.
